The Workshop was conducted for 15 days from 18th November, 2022. Total 140 students over all branches attending the workshop.

Three JS Workshop

A one-week workshop on 3JS was conducted from 27th March, 2023. 145 students successfully completed the workshop. This workshop was conducted to introduce a completely new domain of animation and gaming to the students. Given the great market for the students to build a career in a never ending area of gaming, this workshop has helped open their mind and opt for the career for other that the traditional IT jobs.
