Learning Out Loud Coding Club
Annual Report
Academic Year 2022-23

The Coding Club of Walchand Institute of Technology, Solapur is a dynamic and inclusive community that aims to foster a passion for learning new technology, coding and programming among the students. Throughout the 2022-23, the club has been dedicated to promoting coding skills, knowledge-sharing, and providing a platform for members to collaborate on exciting projects.

The L.O.L. Coding club was inaugurated on 07/11/2022. The membership for the club is open for the students of all departments of the institute. The total number of member registered for the club is 140 students. All the events, workshops and seminars are free for the member of the club. Any non-member can attend a particular event, workshop or seminar if that falls under his/her(s) area of interest.

In the time period of 4 months, two workshops and one coding contest was organized and have received a very good response from the students.

Playing Dart with Flutter

This was an introductory workshop to Flutter, the open-source mobile application development SDK created by Google. It is used to develop applications for Android and iOS from a single codebase, as well as being the primary method of creating applications for Google Fuchsia. This workshop covered Dart, Flutter environment and Firebase.
